

# Gorgeous Gardening

Garden furniture and pots can look very tired and shabby after a winter outdoors.

**Plasti-kote spray paint can be the inexpensive solution to a glamorous garden this summer.**

Plasti-kote's Super Enamel will have peeling metal furniture looking good in no time.

Garden pots can be spruced up with any colour or finish. It doesn't matter if you are spraying wood, plastic, metal or terracotta, Plasti-kote has a paint to suit. The pot shown was sprayed with Plasti-kote Stone finish in Santa Fe Sand.

To get organized in the green house or garden shed try spraying bulldog clips and labeling them for quick seed reference.

By spraying old tool handles, you not only create a fashionable garden look, but you make them much easier to find in the garden beds.

You can also give the BBQ a new lease of life by using Plasti-kote BBQ paint.
